

One Globe Kids earns 2016 Academics' Choice Smart Media Award for Mind-Building Excellence

New York, USA – May. 10, 2016 – Globe Smart Kids is pleased to announce that One Globe Kids has been honored with a 2016 Academics' Choice Smart Media Award, a prestigious seal of educational quality, reserved only for the best mind-building media and toys. The independent Academics' Choice Awards program, and its seal of excellence, are recognized worldwide by consumers and educational institutions as a mark of genuinely effective learning tools that stimulate the mind, and provide potential for the student to fully develop higher order thinking skills.

“As an elementary school teacher, I am so excited about this website! What a perfect way to introduce children to world culture and diverse lifestyles!”

One Globe Kids is a winner of the Academics' Choice Smart Media Award in the mobile app and website categories. The Academics' Choice Advisory Board consists of leading thinkers and graduates from Princeton, Harvard, George Washington University, and other reputable educational institutions. Product-appropriate volunteer reviewers, combined with the brainpower of the Board, determine the coveted winners. Entries are judged by category (i.e. mobile app, toy, book, website, magazine, etc.), subject area, and grade level, and evaluated based on standardized criteria rooted in constructivist learning theory. The full list of winners is posted online at www.AcademicsChoice.com.

“I introduced One Globe Kids into my classroom. My students loved it! What a wonderful resource!”

The hundreds of submitted products that are not chosen by the Academics' Choice Awards team (and many that are chosen) are donated to a variety of worthy charities and other organizations across the globe.

About Academics' Choice™

Academics' Choice™ helps consumers find exceptional brain-boosting material. Academics' Choice is the only international awards program designed to bring increased recognition to publishers, manufacturers, independent authors and developers that aim to stimulate cognitive development. A volunteer panel of product-appropriate judges, including parents, educators, scientists, artists, doctors, nurses, librarians, students and children, evaluate submissions based on educational benefits such as higher-order thinking skills, character building, creative play, durability and originality. Only the genuine “mind-builders” are recognized with the coveted Academics' Choice Award™.

About Globe Smart Kids

Globe Smart Kids (www.globesmartkids.org) is the maker of One Globe Kids education materials (www.oneglobekids.com) which are created to make the foreign feel familiar by letting young children explore the world from the safety and comfort of their living/class room. With new technology, One Globe Kids helps them move beyond prejudice towards openness, mutual liking and friendship with those from outside their daily bubble, both near and far.
